

Looking, Thinking, Writing

Grades 5-8

Find an object in the museum that interests you. Study it closely and complete the following

Sketch the object

Find the object label and complete as much of this information as possible

What is it?

Where was it found? Where did it come from?

Who made it? What culture used it?

How old is it?

What is it made of?

List adjectives to describe the object

Write a poem or a short story about the object
